

PREMIUM BRAKING

GIVE YOUR CUSTOMERS THE STOPPING POWER THEY WANT.

Dexter provides a premium stopping solution for almost any capacity or axle type. Your unit will stop in the harshest conditions with Dexter's DX Series electric/hydraulic actuator, working in unison with a full line of premium disc brake models. Put your unit ahead of the competition by installing Dexter's DX Series Actuator paired with Premium Disc Brakes.

- All-in-one product supply and support
- Disc Brake capacity up to 12,000 lbs. on Sprung and Torflex® axles
- Updated DX Series Actuator now has the compatibility adapter **built-in**, making installation more manageable and less expensive
