

Date: September 9, 2015

Subject: Transition to Domestic Components in AL-KO Products

Dexter is pleased to announce that over the course of 2015, running changes will be made replacing a number of outsourced products that will now be manufactured domestically in our own ISO certified state-of-the-art facility in Albion, IN. This running change leverages Dexter’s superior engineering capabilities and internal manufacturing efficiencies assuring all components meet Dexter’s high quality expectations.

When ordering, please use the number from the **REPLACEMENT AL-KO P/N** or **DEXTER P/N CROSS** columns; **PREVIOUS AL-KO P/N** is for reference only.
