Subject: Discontinuation of AL-KO Axis 3.5K 10" x 1-3/4" Electric Brake and Drum

As part of the ongoing changes to the AL-KO Genuine Parts by Dexter program, Dexter is discontinuing the 10" x 1-3/4" AL-KO designed 3.5K electric brake and drum. Although the product has not been in production since 2015, Dexter has continued to support customers with component parts.

Existing AL-KO Axis 3.5K sprung or torsion axles in the field can be serviced by replacing the 10" X 1-3/4" electric brakes with Dexter's 10" x 2-1/4" 3.5K electric brakes and drums. The spindle and brake flange design allows for the interchangeability of the wider 2-1/4" Dexter brake & drum to be used in place of the 1-3/4" AL-KO brake & drum. Dexter recommends replacing the brake and drum in pairs, and not individually.

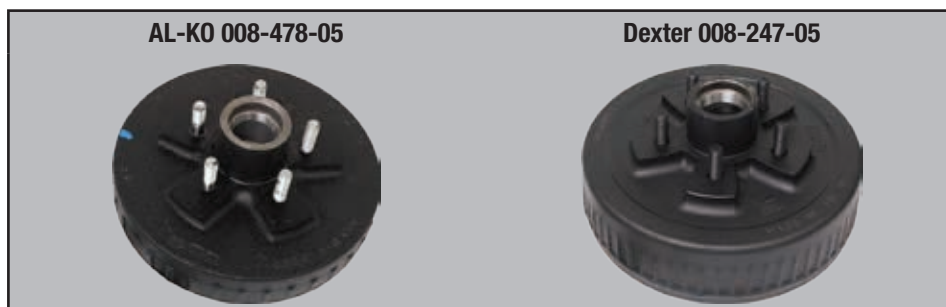

The list of AL-KO genuine part numbers and the corresponding Dexter genuine replacement part numbers is shown below.

BRAKE & BRAKE KITS:

Obsolete AL-KO P/N	AL-KO Product Description	Replacing Dexter P/N
K23-540-00	BRAKE KIT 10" X 1-3/4" 3.5K ELECTRIC - LH	K23-026-00
K23-541-00	BRAKE KIT 10" X 1-3/4" 3.5K ELECTRIC - RH	K23-027-00
023-540-00	ELECTRIC BRAKE 10" X 1-3/4" 3.5K - LH	023-026-00
023-541-00	ELECTRIC BRAKE 10" X 1-3/4" 3.5K - RH	023-027-00

HUB-DRUM & HUB-DRUM KIT:

Obsolete AL-KO P/N	AL-KO Product Description	Replacing Dexter P/N
K08-478-90	HUB-DRUM KIT 10" DIA. 1-3/4" BRAKE WIDTH, 3.5K, 545	K08-247-94
008-478-05	HUB-DRUM 10" DIA., 1-3/4" BRAKING SURFACE, 3.5K RATING, 5 ON 4.5" WHEEL BOLT PATTERN	008-247-05

NOTE: Dexter spindle nut hardware DOES NOT work on AL-KO spindles. AL-KO spindle nut kit K71-844-00 is required when the spindle nut hardware needs to be replaced.

Please contact your Dexter Sales Engineer if you have additional questions or need further assistance.
