## DEX360 SMART TRAILER SYSTEM

December 5, 2025

Dexter is pleased to announce the launch of the DEX360 Smart Trailer System—a fully integrated, cutting-edge solution designed to improve trailer safety, security, and performance.

As the industry's first comprehensive innovative trailer system, DEX360 offers advanced GPS tracking, Real-time system monitoring, and Automotive-grade safety and security features. DEX360 brings together a virtual odometer, geofencing, GPS-based security, and real-time insights on key components like tire pressure and battery level, all with instant push notifications sent straight to your mobile device.

DEX360 delivers critical data and complete visibility to keep your trailer connected, protected, and performing at its best.

Dexter will initially introduce the DEX360 system through a targeted rollout focused on key OEM customers.

### TPMS

Self-learning system with low tire pressure alerts

### TIRE TEMP

High-temperature alerts for added safety

### TPMS

Provides detailed tracking to support proactive maintenance

### BATTERY CHARGE LEVEL

Displays real-time state of change

### GPS TRACKING

Monitor trailer location in real-time

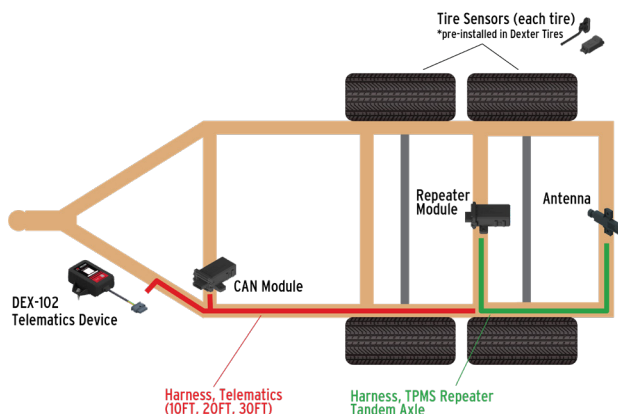

### GEOFENCING

Sends push notifications if the trailer moves from its marked location

## SYSTEM SET-UP

The image below represents how the DEX360 system is installed on a trailer. The system comes as a boxed OEM installation kit that includes a DEX102 Telematics device, a CAN Module, Repeater Module(s), Antenna(s), and two harnesses.

As part of the system, each tire will have a sensor pre-installed in the trailer tires. Two different types of sensors are available: band sensors and bolt-on valve stem sensors.

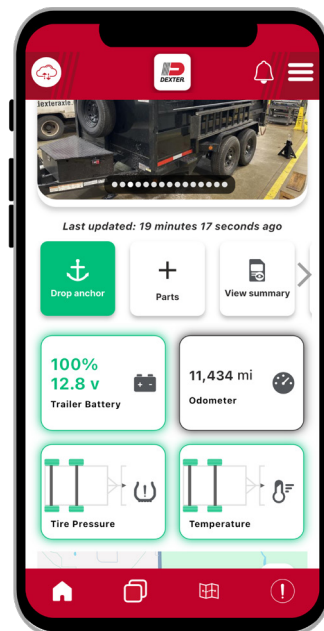

\*This trailer image shown above is a tandem axle single wheel configuration.

## DEX360 APP:

The Smart Trailer system is powered by the DEX360 platform, giving trailer owners easy access to critical data and insights anytime, anywhere through the mobile app or customer portal. As the most comprehensive system on the market, DEX360 delivers the information you need to keep your trailers performing at their best.

To fully explore the DEX360 Smart Trailer System, please visit [www.dextergroup.com/DEX360](http://www.dextergroup.com/DEX360).

**DEX360 PART NUMBERS:**

The DEX360 is available in single and dual-wheel configurations, based on the number of axles and harness length.

<b>SINGLE AXLE, SINGLE WHEEL TRAILERS</b>	
<b>KIT PART NUMBER</b>	<b>KIT DESCRIPTION</b>
<b>K58-150-10</b>	DEX360 SMART TRAILER, SINGLE AXLE, SINGLE WHEEL, 10 FT. HARNESS
<b>K58-150-20</b>	DEX360 SMART TRAILER, SINGLE AXLE, SINGLE WHEEL, 20 FT. HARNESS

<b>TANDEM AXLE, SINGLE WHEEL TRAILERS</b>	
<b>KIT PART NUMBER</b>	<b>KIT DESCRIPTION</b>
<b>K58-250-10</b>	DEX360 SMART TRAILER, TANDEM AXLE, SINGLE WHEEL, 10 FT. HARNESS
<b>K58-250-20</b>	DEX360 SMART TRAILER, TANDEM AXLE, SINGLE WHEEL, 20 FT. HARNESS
<b>K58-250-30</b>	DEX360 SMART TRAILER, TANDEM AXLE, SINGLE WHEEL, 30 FT. HARNESS

<b>TRIPLE AXLE, SINGLE WHEEL TRAILERS</b>	
<b>KIT PART NUMBER</b>	<b>KIT DESCRIPTION</b>
<b>K58-350-30</b>	DEX360 SMART TRAILER, TRIPLE AXLE, SINGLE WHEEL, 30 FT. HARNESS

<b>TANDEM AND TRIPLE AXLE, DUAL WHEEL TRAILERS</b>	
<b>KIT PART NUMBER</b>	<b>KIT DESCRIPTION</b>
<b>K58-320-30</b>	DEX360 SMART TRAILER, TRIPLE AXLE, DUAL WHEEL, 30 FT. HARNESS

\*The label on the box will indicate the exact part number for the harnesses included in the kit.
